From I-90 - via I-5 & NE 45th St.

Connect to Northbound I-5. Stay on I-5 northbound—go past the exits to downtown Seattle—across the ship canal bridge, to NE 45th St. Take NE 45th St exit, and turn left (west) at the light onto NE 45th St. Follow directions **From NE 45th St Exit**, below.

From Highway 520 - via I-5 & NE 45th St.

Connect to Northbound I-5; stay in the right lane, cross the ship canal bridge and take the first exit, which will be NE 45th St. Turn left (west) at the light onto NE 45th St. Follow directions **From NE 45th St Exit**, below.

From NE 45th St Exit

Continue westbound on NE 45th St, through the Wallingford neighborhood (arterial will now be called N 45th St), cross Stone Way N and continue on the arterial, which merges into N 46th St. As that merge happens, move into the **RIGHT LANE** to avoid being forced onto Hwy 99. Continue on N 46th St as it crosses Fremont Ave N, then slopes downhill into the **Ballard** neighborhood and becomes NW Market St. Continue, crossing 8th Ave NW, all the way to 15th Ave NW.

Turn left (south) onto 15th Ave NW (large 4-laned arterial one block past a McDonald's on your left). You will be heading south toward the Ballard Bridge. As you approach the bridge, move to **right** lane and look for a sign marking the ramp **exit for Leary Way**, just before the bridge. (DO NOT go over the bridge.)

Take the ramp to Leary Way and turn right (west) onto Leary Way NW. Continue on Leary Way to **NW lone Place** (about 1/2 mile, the preceding street will be NW Dock).

Turn left onto NW lone Pl and go 1/2 block. **Kathy Casey Food Studios is located on the corner of NW lone Pl and Ballard Ave NW.** It's a single-story brick building. The **Dish D'Lish** Ballard store is located just around the corner, at **5136 Ballard Ave NW.**

Parking: Before reaching Ballard Ave, look on the right for a parking lot with a chain link fence located behind our building (just past the Carter auto showroom). Enter the lot from NW lone Pl. (There is also street parking in the neighborhood.)
